The qualification process for the next World Combat Games will start with the 2012 senior World Championship. In accordance with the FILA Regulations, the countries wishing to take part in the World Championship will be requested to participate in the Continental Championships with at least the same number of athletes they intend to enter in the Worlds.

This year, the European countries were penalized in front of the African, Asian, Oceania, and Pan-American countries that can freely enter the World Championship, since no other Continental Championships was conducted. Consequently, as per next year it will be mandatory for all continents to host a senior Continental Championships in order to be allowed to enter the World Championship.

FILA considers the Continental Championships a crucial step in developing our sports and fostering cooperation between the neighbour countries. National Federations are therefore strongly encouraged to apply for both 2012 and 2013 so that our members can start planning their budget ahead.

In addition to the Championships and FILA Grand Prix that count for the world ranking of athletes, the National Federations can also apply for international tournaments, which require lighter organising conditions and do not have to bring the three styles together. The Requirements for international tournaments are also enclosed.

All documents are made available on the FILA website under "Official > Championships" in the left menu bar.

I thank you in advance for your kind attention and wish you plenty of success for the remaining of the season.

Sincerely yours,

Raphaël Martinetti
FILA President
