UNITED WORLD WRESTLING

TO THE NATIONAL WRESTLING FEDERATIONS
TO THE BUREAU MEMBERS

Subject: I S Referees

Dear Mr. President,

As you might already know, a theoretical exam was organized in Sofia (BUL) for all the I S referees in order to judge their level and see who can officiate during the main United World Wrestling events.

First of all, I would like to inform you that 84 referees participated in the course and 21 were not available that date.

I inform you therefore that another theoretical exam will be organized soon for the ones who were not able to travel to Sofia (BUL). We will inform you about all the details of this second exam as fast as possible but note that the referees who didn't participate in Sofia and didn't participate in the second exam will be downgraded.

You will find attached the referees who keep their I S category.

After reviewing the exams, it was decided that some referees will have to pass again the written exam in order to be eligible to officiate during the Senior World Championships.

We will write directly to the concerned National Wrestling Federations and encourage them to enter their referees to the second exam otherwise they will lose their category.

The referees in the list that won't be contacted are allowed to participate in the Senior World Championships if they didn't make any mistake until the event.

14 referees didn't get enough points and are directly downgraded to the category I.

You will be able to check the current statutes of your referee(s) on Athena.

We really hope that the level of our top category will be improved during this next Olympic Cycle and we already inform you that new educational tools will be implemented in the near future.

Sincerely Yours

Nenad Lalovic
President
United World Wrestling
